ALONE IN A BIG TOWN.

Country Maid Arrives in Evansville Penniless.

WANTED HER BROTHER

The Police Believe the Girl Was Imposed On By An Unscrupulous Person.

SHE WAS SENT BACK TO HOPKINSVILLE.

Lizzie McMillon, 16 years old, came to this city yesterday afternoon from her country home near Hopkinsville, Ky., to see her brother who promised to meet her at the L. & N. depot.

When she alighted from the train at 3 o'clock she casted her big, faint blue eyes over the crowd vainly searching for her brother.

She did not lose heart until the train rumbled out of the station and the crowd at the depot departed and left her alone, except for the few "cabbies" who had not secured a fare and were crowding around her making vain endeavors to learn whether she wished to go.

Miss McMillon remained at the station until supper time vainly hoping that her brother would put in his appearance. Humane Officer Crain took her to Jacob Winder's hotel near the depot at 6 o'clock, but she did not eat the supper set before her. Mrs. Winder took the girl to a room after supper and tried to console her, but her efforts were futile.

Finally she cried herself to sleep and forgot her sorrow and disappointment. When she was awakened at 2:30 o'clock this morning she did not know where she was but the appearance of a blue-coated officer recalled the circumstances of the day and she began to cry again.

Patrolman Kelly procured transportation for the girl and sent her home at 3:15 o'clock this morning. Miss McMillon says her parents live on a farm several miles from Hopkinsville, Ky. They are poor people and the girl's home with only enough money to pay her way to this city. She had not heard from her brother for months until last Friday when she received a letter telling her to come to Evansville.—Evansville Courier.

Young Lady Dies.

Miss Mary Vaughn, a lovely young lady, died last Friday at her home on North Main street, after an illness of four weeks' duration from typhoid fever.

She was a daughter of the late Dr. M. G. Vaughn, and popular among a wide circle of acquaintances, all of whom will unite in mourning her death with sincere regret.

She was a member of the Methodist church, and funeral services, which were held at the late residence at three o'clock Saturday afternoon were conducted by Rev. Piner. The remains were laid away in Hopewell cemetery.

CAPERS OF A COLORED CUPID.

Two Negro Weddings at the Court House Saturday.

Two colored marriages took place at the courthouse Saturday. William Boyd and Mandy Stoner were joined in the County Clerk's office by Rev. A. D. Hicks, about 9 o'clock. Shortly before that marriage, Ben Thomas and Millie Garrett were made one by Rev. Moore, a colored preacher. The ceremony took place in the open hall-way and was witnessed by a big crowd of people.

The Grandest Remedy.

Mr. R. B. Greer, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies but could not get any relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years he has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed to cure all cases of consumption. It doesn't fail. Trial bottles free at R. O. Hardwick's drug store.

Blood Poison

A man afflicted with Contagious Blood Poison, might as well commit suicide as to take the mercenary poisons which are always prescribed by the doctors. If he takes these poisons, he might as well make his will and get ready for the undertaker. Perhaps this is plain talk, but it is true, and truth is unpleasant sometimes.

SSS

If the sufferer will take Swift's Specific (S.S.S.), instead of mineral poisons, he will get well again, and may well. He will find that this great vegetable Blood Remedy cures all poisons from the system, gets into the minutest veins, and eradicates every vestige of taint in the blood. It is the only Real Blood Remedy ever discovered. At not only cures Contagious Blood Poison, but is the only remedy that can reach Scrofula, Catarrh, Rheumatism, Cancer, Eczema and all other deep-seated Diseases of the Blood.

Free books on the cure of all Blood Disorders will be sent on application to the Swift Specific Co., Atlanta, Ga.

A FEARFUL ACCIDENT.

Heavy Wagon Crushes Archie Hicks' Body.

FELL FROM THE SEAT.

All Bones Were Broken and Death Was Almost Instantaneous.

A PROMISING YOUNG LIFE CUT SHORT.

Archie Hicks, a sixteen-year-old boy, met death in a horrible manner yesterday.

The lad was the son of Mr. Milton Hicks, a well known North Christian farmer, and a nephew of Rev. Austin D. Hicks. For several days he had been hauling railroad ties from a woods near his father's farm, eighteen miles North of this city, on the West Fork of Pon river, to Mannington, a station on the Louisville & Nashville railroad.

He was working as usual. Thursday of last week, after his wagon had been loaded for him, he started on his trip. About four miles from Mannington he slipped from his seat, and the heavy wagon was rolling down a steep hill, and fell under the wheels.

The heavy wagon passed over his breast. Nearly every bone in the upper part of his body was crushed and he was almost instantly killed.

Several farm hands witnessed the accident, but when they reached the boy he was dead. The body was taken to the residence of Mr. Milton Hicks.

FROM TRYING PAN INTO FIRE.

Jim Green Arrested at Lexington and Turned Over to the Local Court.

Jim Green, colored, was tried in the Circuit Court Friday on a charge of malicious cutting. He was jointly indicted with Roy Boale, who was convicted, and is now serving a six month term in the work-house. Green ran off. He was arrested last Thursday in Lexington for stealing a pair of shoes. Hopkins county officials, learning that he had a prior claim on him, sent the police to Lexington. They found him guilty of breach of the peace and sentenced him to ten days in the work-house. At the expiration of this punishment he will be turned over to the Lexington police.

A BOY'S SUDDEN DEATH.

Trenton Youth Expires From Hemorrhage of the Bladder.

A sixteen-year-old son of J. W. Wright, of Trenton, died very suddenly last week of congestion. He had been attending school and on returning home, complained of feeling bad and retired early. Shortly afterwards he was attacked with hemorrhage of the bladder and expired in a few moments.

THE STATE'S BEST MEETING.

Hopkinsville Awarded the Palm by Christian Endeavorers.

An extended article about the Christian Endeavor annual State meeting, the Owensboro Messenger says: "The fifth State convention was held in Hopkinsville, in May, 1924. This was the largest and most enthusiastic convention of Christian people ever held in Kentucky. Dr. F. E. Clark, of Boston, and many other speakers of national repute graced the platform and from that convention the cause of Christian Endeavor in Kentucky received an impetus that soon placed her among the foremost states of our country in Christian Endeavor work. At the Hopkinsville convention the first decorations of our State colors, royal purple and white, appeared, and our State Christian Endeavor song, written by Miss D. M. Ellis, was sung for the first time."

Killing at Roaring Springs.

Tom Tinsley, colored, shot and killed Tom Summers, also colored, near Roaring Springs, the first part of last week. The telephone says: "Tinsley claims that the killing was accidental. He says that he had the pistol in his coat pocket when the deceased handed him to shoot him in the mouth, which he opened for that purpose. The ball entered the mouth and penetrated brain, producing death instantly."

Aged Citizens Dead.

One of the oldest citizens of Todd county passed away last week at his home near Etkin in the person of Uncle Joe Irwin. The deceased was eighty years old and was born and reared in the same neighborhood in which he died. Major Lee Irwin, a brother, and five years his junior, died in Etkin a few months since.

Farmers' Unhappy.

Farmers are getting uneasy about the early snow wheat, as it has sprouted and much of it seems to be in a perishing condition, while the late snow grain seems to be as dry as the day it fell. The outlook for green fields of wheat this winter is not at all promising.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at R. O. Hardwick's drug store.

When Mollusks or Ostrea, eat Caesars' special cathartic, cure guaranteed. 50c, 25c.

PERSONS AND EVENTS.

A Few Snap Shots at People and Things.

BREEZY LOCAL BRIEFS.

What Folks, Who Are Well-Known Here, Are Doing and Saying.

GOSSIP AND GABBLE AND SOME NEWS.

MISS RIVES—Miss Hattie E. Rives, the Christian county authoress, is now writing special feature articles for the New York Sunday Journal.

LANDRETH—Rev. Ira Landreth, the brilliant editor of the "Owensboro Presbyterian," who attended the Kentucky Synod here, last week, and made several fine addresses, went from this city to Owensboro, and delivered the principal sermon at the State meeting of Christian Endeavorers.

HENRY—Col. J. T. Henry was placed in nomination at the meeting of the Grand Lodge of Knights of Pythias in Frankfort, last week, for Grand Master of Arms, and was defeated by only a few votes. The successful candidate was J. T. Horner, of Covington.

MRS. BRANNON—The Owensboro Inquirer says: "Miss Anna Brannon, Griffith was given an autumn luncheon Thursday at her beautiful home, 'Old Homestead,' on Griffith's avenue, in honor of Mrs. Q. T. Brannon. The house was decorated with autumn leaves and flowers and the luncheon was delightful."

REV. MOODY—Rev. D. L. Moody, the great evangelist, who has promised to hold a protracted meeting in Hopkinsville the latter part of the month, has just closed a series of services in Montreal and will now make a tour through Canada, holding services in Quebec, Ottawa and other cities, going as far West as Winnipeg.

WERE MARRIED—A pretty wedding was solemnized Sunday afternoon at the home of the bride's parents in Crofton. Mr. W. O. Crunk, a worthy farmer, and Miss Laura E. Brewington, a pretty North Christian lady, were united in marriage by Rev. W. O. Rickard, a Baptist minister. The ceremony was witnessed by a limited number of friends and relatives.

INVITATIONS—Invitations have been received here to the marriage of Mr. Elwin Truhars, a prominent young business man of Clarksville, who has many friends and relatives in this city, to Miss Lily Bell Sewell, of Anchorage. The wedding will take place November 10 at Memorial church, Anchorage, and will be followed by a reception for brides and intimate friends at the bride's home, Bonnie View.

Rooms for the Library.

The public will be glad to know that the Library Association will probably close a contract this week with Mr. V. A. Garnett, of Pembroke, for two front rooms up stairs over Hopper Bros. Those rooms are well suited for this purpose and will be furnished as soon as possible.

PERHAPS FATALITY HURT.

Young Crofton Farmer Crushed By Heavy Coal Wagon.

Another accident similar to the one which caused the death of Archie Hicks in North Christian, last week, is reported from Crofton.

Albert Gilkey, a young farmer of that vicinity, fell Saturday from a heavily loaded coal wagon and was so badly crushed by one of the wheels that he will likely die.

FOR SALE.

Three houses and lots situated on Seventeenth street, Hopkinsville, Ky., one a two-story house and other two cottages. Good neighborhood. Price and terms reasonable. Call on HUNTER WOOD & SON.

A WHEEL IN HIS HEAD.

Negro, Who Stole Farmer Jones' Horse, Is Released.

Azzie Leavel, the colored man who was arrested in Clarksville on the charge of stealing a horse from Mr. John Jones of Oak Grove, in the Southern part of this county, was released from custody Saturday.

Some time ago he was struck on the head with a heavy stick and since that time his mind has not been sound. No case could be made against him as it was proven that he was not conscious of any crime when he took the horse.

THE MARKET LAST WEEK.

Report of the Local Tobacco Sales and Receipts.

A local broker writes as follows of the Hopkinsville tobacco market for the past week: "Our receipts this week were 355 hds.; offerings, 450; rejections, 200; sales (public and private) 263. The offerings ran very low in grades and were mostly low. What leaf was offered was very common and unselect. The market was quite irregular and prices were slightly easier on all grades, especially on lugs. Our receipts for some time past have been largely warehouse transfers and have not increased the stock, while shipments have been going out steadily and stocks will show a considerable on November 1. Very little is being done in loose buying, but a sale of good crop is occasionally reported and price is generally about 12c. We quote:

FOOD HAS GIVEN OUT.

And Thousands of People Must Starve Before Relief Can Reach Dawson City.

HASSUED TWO PAPERS.

Which He Claims Have Labeled Him as Various Recent Publications.

WILL SURELY GET THE \$50,000.—NIT.

(SPECIAL TO NEW ERA)

Morganfield, Ky., Oct. 30.—Joe A. Parker, the First Assistant Republican candidate for Clerk of the Court of Appeals has filed damage suits against the Louisville Dispatch and the Bowling Green Times for thirty thousand dollars each, and states that he will also bring suit for a similar sum against the Paducah News, alleging that these papers have been guilty of libeling him.

FIRE WORKS POSTPONED.

On account of threatening weather and a conflict in dates, the grand pyrotechnic display, announced for last night at Mercer park, was postponed. It will positively take place next Monday night, Nov. 8th, and will doubtless be witnessed by thousands of people.

Mr. John Due, who had charge of the displays at Nashville Centennial Exposition, is now in the city perfecting arrangements to give the most splendid entertainment of the kind ever seen in the South. The program has already been planned and airplanes are given at the Centennial.

Everybody Say So.

Casaretti Candy Cane, the most wonderful candy discovery of the age, pleasant and refreshing to the taste, and gently and positively on kidneys, liver and bowels, cleansing the entire system, relieves colds, cures headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. O. C. today; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

CHAINLESS BICYCLE IN TOWN.

Much Talk About Mechanical Marvel On Display at Moss & Co's.

A chainless bicycle is on display at Mr. Muncey Moss' bicycle establishment, on Sixth street and hundreds of people have inspected it.

This is without doubt the wheel of the future. For years, the greatest bicycle makers regarded it as an impossibility and mechanical engineers declared that it was entirely impracticable; but the wheel has been constructed, it is thoroughly practicable, and anybody who may have any lingering doubts on the subject may have them dispelled by a visit to Mr. Moss' place of business.

COUNTERFEIT DOLLARS.

These Have More Intrinsic Value than the Genuine.

Counterfeit silver dollars of greater weight and fineness than those turned out from Uncle Sam's mints are the latest in the counterfeit art, and St. Louis is the first city to suffer from them. A counterfeit that defies the scrutiny of St. Louis bank tellers and cashiers seems almost an impossibility.

For the last week these public servants have been accepting the counterfeit in question without hesitation. It was only when they reached the St. Louis treasury that they realized their mistake.

The first turned up there October 22. United States Treasurer Small sent it to the director of the mint for assay. He has just received a report that the counterfeit is made of a certain metal, and that it is made in a factory in St. Louis. The counterfeit is made of a certain metal, and that it is made in a factory in St. Louis.

Casaretti stimulates liver, kidneys and bowels. Never sickens, weakens or gripes.

Terrible News Now Comes From the Klondike.

PARKER'S BIG BLUFF.

The First Assistant Republican Candidate

WILL SURELY GET THE \$50,000.—NIT.

(SPECIAL TO NEW ERA)

Seattle, Wash., Nov. 1.—News has reached this city from Dawson, Alaska, to the effect that several thousand miners at that place are starving. They have sent out appeals to their friends for aid, but a great many of them and probably most of them will perish before aid can possibly reach them.

They will get some aid possibly from the closest settlements, but they can not hope to get enough to pull them through until aid can reach them from the United States.

The situation is awful, though the sufferers have only themselves to blame, because they were warned in advance that there was not enough food up there for winter and they disregarded the warning. The desire to get gold had crazed them and made them reckless. All they wanted was just to get there and get some of the yellow metal. Many thousands of them will lose their lives.

If Mark Hanna had the power to do
so he'd put every Democratic newspaper
man in these United States in prison
for the balance of their lives.

Spain has so far spent in the neigh-
borhood of \$500,000,000 on the Cuban
war and Weyler hasn't given her any-
thing but a run for her money.

What does the Administration think
it could gain by suspending the tariff
duties on Russia? It is because Russia
is a competitor of the American
farmer?

A great deal is said by the press about
Hanna being a very heavy load for Mc-
Kinley to carry. The question is, what
could McKinley have carried without
Hanna?

Not only do Ohioans hold more of the
Federal offices than the people of any
other State in the Union, but more pen-
sions are paid in Ohio than in any
other State.

The United States, being now ac-
knowledged the very cheapest steel
producing country in the entire world,
does not need exorbitant tariff duties
on steel. Wonder why that didn't occur
to Mr. Dingley?

All American goods going into the
Klondike country must now pay duty.
Mr. J. Bell is getting the McKinley
Dingley idea into his head and will
apply it thoroughly to our people who
are seeking for gold in Canadian soil.

If we are to have reciprocity with
France, Russia and other countries,
what becomes of the high tariff treaty?
Have we not raw material and much
else of our own to "unconquer" Spain?

What is genuine reciprocity but free
trade?

The people of Ireland will have to
depend upon the people of the United
States to save them from starvation this
year just as they have always had to
do in years when the crops in the Emerald
Isle have failed. The Irish would cer-
tainly starve if they depended upon the
British to feed them.

The St. Louis Post-Dispatch asks the
following question: "More pensions are
paid in Ohio than in any other State of
the Union. Were the Ohio men always
in the hottest part of the fiercest battles
while the veterans from other parts of
the country were so arranged that they
could not be hit?"

Li Hung Chang does well for himself
to retire as Chinese reformer to be. The
work of reforming the Celestial
Empire and persuading it to accept Eu-
ropean ideas may well frighten the
greatest of Chinese statesmen into re-
tirement. It is a task in comparison
to which the cleaning of the Augean
stables is to be regarded as mere child's
play.

Mr. Carlisle's work for the Kentucky
Lottery Company, the Morgan bond deal
and the United Pacific blind pool that
undermined so astronomically the
people of these United States of \$300,000,
000 is a record of which any statesman
might well be ashamed. It is said, how-
ever, that Mr. Carlisle thinks that his
connection with these concerns is all right.

It has been a long time since Uncle
Sam has had an Attorney General that
was not against him in all important
matters. The present one would have
made him lose \$50,000,000 on that United
Pacific deal if the Democrats prove the
country hadn't raised such a row
about it. McKinley and his Attorney
General and the Wall Street sharks
would like very much to shackle the
Democratic newspapers of the country.

It is hard to see how any of the un-
fortunate people up at Dawson City in
the Klondike—are to survive the present
winter, for the thousands who went
there unprepared will band together
and seize part of the food of those who
have supplies and in that way the sup-
ply will be entirely consumed long be-
fore spring rolls around. There is no
way in which supplies can be sent now,
as no human being could get
through the passes and over the trail at
this time of the year. Even in summer
it is almost impossible for any but the
very strongest persons to stand the
avalanche trip to Dawson City.

Nobody is astonished at the resignation
of Prince Hohenlohe as Imperial
Chancellor of Germany, in fact, the only
astonishing thing about it is that he
did not resign much sooner. Why any
man should waste his place under the
present Emperor is hard to understand,
because Hohenlohe is one has to be
substituted to being a mere figure-head,
for the "half-hatched" Emperor insists on
ruining everything himself and hardly
ever even consults the Imperial Chan-
cellor, who is supposed by law to be his
official adviser and as the head of the
government just as the Prime Minister
is in England. William, however, ac-
cepts advice from nobody, though he
really stands more in need of it than
most any monarch in Europe. Prince
Hohenlohe is to be succeeded by Van
Elenberg.

How's that?
We offer \$100 reward for any case of
catarrh that can't be cured by Hall's
Catarrh Cure.

J. J. CHENEY & CO., Props.,
Toledo, Ohio.
We, the undersigned, have known J.
J. Cheney for the last fifteen years, and
believe him perfectly honorable in all
business transactions and financially
able to carry out any obligations made
by him.

West & Traux, wholesale druggists,
Toledo, O.
Walling, Kinman & Marvin, wholesale
druggists, Toledo, Ohio.

Hall's Catarrh Cure is taken inter-
nally, acting directly upon the blood and
mucous surfaces of the system. Price
per bottle, sold by all druggists.
Testimonials free.

Hall's Family Pills are the best.

Mr. McKinley will do well to make
the most of his present term for he'll
never get another.

The new Congressional Library was
opened Monday. It should have a
name to denote that it is a national
library.

In twenty-two ports along our coasts
modern defenses are under construction.
They are in the line of economy as well
as safety.

It really seems that nothing will sat-
isfy the Spaniards short of converting
Uncle Sam's warships to Spain's mili-
tary purposes.

After his merciless skinning of Cuba,
his unnecessary brutality, Weyler ought
to be mighty thankful that he got away
from the island with a whole hide.

Corra has ceased to be a kingdom, and
will call itself hereafter the Empire of
Hann. The name strikes the Western ear
as the reverse of an improvement.

Barren's circus has sailed for Europe
and the crowned heads will soon forget
all about General Miles and his uniform
in the contemplation of the trained ele-
phants.

Young Carter Harrison has an eye on
1900 himself, and his New York recep-
tion has created a new count of noses
among the faithful who are now eying
the White House.

The late Mr. Dana studied Russian
when he was 16, and Queen Victoria at
that time was the only woman in his-
tory to take a daily lesson in Hindoo.
Some people remind Father Time that some
people never grow old.

Anna Held is not the French girl the
American public took her to be. She
threw up the sponge after having been
kissed only 156 times. Anna is swift,
but she lacks staying qualities.

If there are any European nations
that support war between Spain and
the United States it is inevitable they
should stand to advise the Spaniards
against Spain's persistent folly.

It is a good thing that Van Wyck
pronounces his name Van Wyck. That
will shut off Republican punsters who
might accuse him of being a Dutchman
as a wicked Tammany trick.

With twelve United States Senators
and the President in Ohio working for
him, not to mention the bar's and the
Ohio office-holding host, Mr. Hanna was
perhaps, justified in believing that he
would win.

Blanco is already predicting just how
many millions will be lost in the Cuban
war. If he can get more troops, as he
is trying to do, he might succeed in
"pacifying" the Cubans much sooner
than he now predicts.

No one wears more perfect boots than
does the Duke of Marlborough, remark-
ed an English newspaper. Of course not,
since his marriage into one of the
wealthiest families in America the Duke
has been well heeled, you know.

The Spanish Minister of Finance ad-
mits that the Cuban war cost \$50,000,000,
a month, and that the amount of pay
due the Spanish soldiers is \$50,000,000.
Sagorin idea into his head and will
apply it thoroughly to our people who
are seeking for gold in Canadian soil.

If Mark Hanna and McKinley were
not in the United Pacific scheme to steal
\$500,000,000 from the people, why was it
that the syndicate gave \$50,000,000
to Mark Hanna's corruption fund during
the last campaign, take the Louisville
Dispatch.

The loss of \$50,000 to the Government
in the Cuban indemnity is said to have
created a sensation, what ought to be
the excitement following a contemplated
loss of \$500,000,000, if the Cuban war
is expected to flinch from the Treasury?

The six cotton-seed mills at New Or-
leans in one year crush 85,000 tons of
seed, yield 3,750,000 gallons of oil, 25,
000 tons of oil cake or meal, 3,000 tons
of lint and many tons of hulls. This is
the product of only six of the hundreds
of mills scattered through the South.
The story of the rise of this industry is
more like a romance than a plain com-
mercial fact.

A Georgia financier stole \$71,000 gave
a bond for \$100,000 when he was arrested
for it, and then shipped out \$81,000 to
the Government. The trick is an old one,
however, and has been successfully
worked many times. When a man steals
a lot of money it would not be a bad idea
to fix his bond at a figure which would
go a long way toward insuring his pres-
ence on the day of the trial.

By harping so much on reciprocity the
protectionist free trade is the best com-
mercial policy for reciprocity is nothing
but a trade on a small scale, and if
free trade is right and profitable on a
small scale it would be profitable on a
large scale. Reciprocity, as the
Republicans now favor it, was an idea
of the late James G. Blaine, a scheme
he thought up to enable him to escape
himself down gradually from a high
protective tariff policy, which he had
discovered was wrong, to something
nearer free trade. If he had lived a
few years longer Mr. Blaine would have
been in favor of a tariff for revenue on
the goods that the Democrats have al-
ways stood for—his reciprocity scheme
was merely a step in that direction.

Bliss Gray, after having served four-
teen years of a life sentence in the
Pennsylvania penitentiary at Harris-
burg, has been found to be innocent of
any connection or even knowledge of
the murder for which he was sentenced
to confinement in prison for life. He
has just been released from the prison,
though he is now only forty-six.
The man for whom he was sentenced
to life was a very different man from
the very faintest sort of circumstantial evi-
dence. He was sentenced to death, and
after he was hanged, the Governor, at the
earnest solicitation of a newspaper man,
commuted the death sentence to im-
prisonment for life. Now after four
years of steady work this same news-
paper reporter a few days ago ac-
cused the last link in the chain of evi-
dence that proved Gray innocent of the
murder for which he was sentenced to
life, and he was released. The man was
not as innocent as released. The re-
minder of his life was a long one, and
before doing so he confessed his guilt
and was sentenced to be hanged. The
innocent man for whom he was sentenced
to life was a very different man from
the very faintest sort of circumstantial evi-
dence. He was sentenced to death, and

Peaceful End of a Well-Spent Life.

JOHN D. TANDY DIES.

He Was Born Seventy-Eight Years Ago in a Irish County.

THE FUNERAL WEDNESDAY AFTERNOON.

Mr. John D. Tandy, a venerable and prominent citizen, died Tuesday at the residence of his son, Mr. William T. Tandy, on Sixth Street.

The deceased had lived longer than the allotted period of human existence, and the many years of his life were crowded with good deeds. He was held in high esteem by every one. His character was above reproach and his career without a stain. Few men had as many friends: no man had less enemies.

Mr. Tandy's health had been extremely bad for a long time, and for several months it had been known that the end was rapidly approaching. He passed peacefully away at eight o'clock this morning.

Native of Christian.

The deceased was a native of this county. He was born near Hopkinsville Nov. 10, 1819. During the greater part of his life he was engaged in the farming business, out of which he made a considerable fortune, and at one time was quite wealthy. He lost most of his property, however, by unfortunate investments. He was married to a daughter of Edward J. Roberts. Several years after her death he married Miss Fannetta Howell. From sons were the result of this union—Messrs. Will T. Tandy, John D. Tandy, Jr., Howell Tandy and Edward Tandy.

Shortly after the civil war, Mr. Tandy removed to this city and was associated with Mr. John Orr in the planing mill business. A few years later he retired from active participation in commercial pursuits.

Services Tuesday Morning.

Remains of Mr. James A. Major Interred in the Family Cemetery.

Funeral services over the remains of the late James A. Major, who died Sunday night at his home near this city, were held at two o'clock Tuesday at the late residence, conducted by Rev. Payton, of this city. Many sorrowing friends and relatives were present. The remains were interred in the Major family burying grounds.

Mr. Major enjoyed the respect and confidence of all who were acquainted with him. He was a valuable citizen and a good man. His wife and several children survive him. The deceased was son of the late M. S. Major, Sr.

DROUTH BROKEN AT LAST.

Good Rain Has Fallen in Many Counties in the State.

The rain which started to pouring in a deluge last night seems to have been a general one over Kentucky and the Ohio Valley. The drouth in this State has been so long and the many water courses, on which many are dependent for their livelihood, will soon be well watered up. The farmers will smile contentedly, if it has come a little late, and will go to work as soon as the ground will permit, determined to make up for lost time. Says the Louisville Post: "Little wheat has been sown on account of the drouth, and farmers will lose no time in getting their grain in the ground. The inconvenience of hauling stock and drinking water for many miles will be done away with, and the pastures will begin to take on a green hue. The old water mills, idle for weeks, will 'take in' grinding once more, and the blacksmiths, who have been reaping a rich harvest of dollars cutting tires, will rest as they watch the tilters of the soil plow what already sown and get ground ready for the sowing to come. The drouth has been the longest in the memory of that omnipresent authority, the 'oldest inhabitant,' and citizens from the swamps of Laysan to the hills of Ball will hope they have had their last four months' dry spell."

PERSONAL POINTS.

Just a Moment With the People.

Miss Jeanie Lehnke, of Nashville, Tenn., is visiting Miss Mamie Grant.

Mr. Fred A. Wallis, of Louisville, is in the city visiting his parents, Mr. and Mrs. Allan M. Wallis.

Dr. J. W. Harned left yesterday for Nashville to see his sister, Miss Bessie Harned, who is quite sick at Belmont Seminary.

Mrs. H. A. McDonald and child arrived in the city last night, from Massachusetts to visit Mr. E. B. Long. Mrs. McDonald was formerly Miss Merriam, a member of the faculty of Bethel Female College.

Mr. and Mrs. Harry Montgomery, of Georgetown, Ky., have arrived in the city to visit Mr. J. C. Woodbridge, on South Main street. Mrs. Montgomery was Miss Kate Woodbridge, of this city, one of the most charming young women in local society.

Mr. M. D. Boole, our correspondent at Hopkinsville (Ky.), and one of the most prominent tobacco brokers on that market, favored this office with a call last Monday afternoon, while in Cincinnati, en route home from Cleveland, with Mrs. Boole, who has been under medical treatment in that city for some time.—Western Tobacco Journal.

If you feel weak, dull and discouraged, you will find a bottle of Hood's Sarsaparilla will do you wonderful good.

ROMANTIC RUN-AWAY.

Pretty Todd County Girl Did Not Wed as Was Expected.

BRIDE OF HER OLD-TIME SWEETHEART.

Mr. N. N. Lindsay and Miss Nannie Bartlett, both of Todd county, were married at Hotel Latham last Wednesday afternoon. The New Era and other local papers mentioned the marriage in their news columns a few lines, as an ordinary elopement. It develops that a highly interesting story is connected with the run-away nuptials.

An Elkhorn correspondent writes: A wedding in local society is always an event of more than ordinary interest, but it is of especial interest when there is a trace of romance about it. This was the case with Miss Nannie Bartlett, a pretty and popular girl of North Todd, and Mr. N. N. Lindsay, a highly respected young farmer of the same locality.

Some weeks since invitations were issued to a home wedding to be solemnized by the happy young bride of today with a well-known young gentleman of Cincinnati. This social function was to have taken place at the old country home of Col. Erasmus Bartlett on last Wednesday morning at 9 o'clock.

Native of Christian.

The deceased was a native of this county. He was born near Hopkinsville Nov. 10, 1819. During the greater part of his life he was engaged in the farming business, out of which he made a considerable fortune, and at one time was quite wealthy. He lost most of his property, however, by unfortunate investments. He was married to a daughter of Edward J. Roberts. Several years after her death he married Miss Fannetta Howell. Scenes Caught By the New Era's Camera.

HERE AND NEAR HERE.

Doings of the Day Told in the Briefest Possible Way.

ITEMS OF MUCH LOCAL INTEREST.

Pothunters are said to be numerous in the hunting grounds, and arrests may have to be resorted to stop them.

Many Saw the Centennial.

Kentucky furnished more visitors to the Nashville Exposition than any other State outside of Tennessee, and a large proportion went from Hopkinsville and Christian county.

Miss Gillum Dead.

Miss Gassie Gillum, the pretty eighteen-year-old daughter of Mr. and Mrs. J. W. Gillum, residing a few miles North of Elkhorn, died Tuesday of inflammatory rheumatism.

The Apple Crop.

Estimates in regard to the apple crop of the United States, as published by the American Agriculturist, indicate 37,429,000 barrels, compared with 39,879,000 in 1896, 543,000 in 1895, 57,629,000 in 1894 and 57,342,000 in 1893.

The Quail Season.

The quail season will open up shortly and sportsmen are pleased with the prospects of a plentiful supply of game of this kind. The old birds raised two broods this year, it is said, and the drought served well in the maturity of the second. The season will not commence until the 15th of November and there is a probability of some persons getting into trouble if the law is not observed.

WILL REMAIN IN THE CITY.

Mr. P. P. Hoffman takes a Position With Dagg & Co.

Mr. P. P. Hoffman has accepted a position with Dagg & Co. He has removed his family to a residence on North Main St.

He is a man of superior business qualifications and great popularity.

The firm had done well in securing his services.

PASSED THROUGH HIS KAT.

A Shooting Scrape on Main Street Tuesday Morning.

A shooting scrape that, fortunately, had no serious result, occurred at an early hour Tuesday in front of the Phoenix Hotel.

A young white man named Brown and a negro named Bradshaw, who were quarreling, it is said, attempted to strike Brown over the head with a heavy chair. The latter pulled a pistol and fired. The ball passed through the negro's hat, but did not touch his head.

GANG OF THIEVES AT OUTRAGE.

Nine Negroes Arrested Charged With Robbing Freight Cars.

For the past three months a systematic robbery of loaded freight cars has been going on at Guthrie, and officers charged with the crime—Sam Dickens, Martin Grant, Henry Owen, Ed Kay, Charles Johnson, Douglas Berryman, Boyd Ingram, Jim Yank and Bill Williams. A large quantity of the stolen goods were recovered. Yank confessed and implicated the others. The prisoners were taken to Elkhorn Monday and lodged in jail.

ILLINOIS CENTRAL RUMORS.

Indications That Plans to Extend the Road are Being Formed.

This morning's Nashville American says: "Rumors of the Illinois Central coming into Nashville are not wanting by any means. Yesterday morning a special car containing officials of that road came to Nashville and they were in consultation with certain gentlemen. They took their meals on the car, and consequently their names did not appear on any of the registers of the hotel. At night the party returned to Chicago. The visit is regarded as a most significant one, and while nothing was given out, it is certain that the officials did not come to see the Centennial."

That the Illinois Central has not forgotten the position of Nashville on the map is evidenced by the fact that the route of the road to Nashville is a topic of discussion among St. Louis capitalists, and is by them regarded as a pretty sure thing. The same gentleman who saw Mr. Dexter was also informed by Mr. St. Louis gentleman that the Illinois Central was making preparations to enter Nashville.

While it is no small undertaking to build a railroad, requiring as it does such a large outlay of capital, before the winter is over it is likely that plans which are now being formed will have matured, and the building of a new road into Nashville begun. At least all signs point to that conclusion.

FARM NEWS AND NOTES.

Matters of Great Interest to all Tillers of the Soil.

CONDITION OF THE LIVE STOCK MARKET.

The following report is furnished exclusively to the New Era by Glover & Durrett, Louisville Tobacco Warehouse. Sales on our market for the week just closed amount to 3,445 hhd., with receipts for the same period 1,548 hhd. Sales on our market since Jan. 1st, amount to 147,514 hhd. Sales of the crop of 1896 on our market to this date amount to 128,577 hhd.

Dark—Our market for dark tobacco this week has been the best of the year, all grades showing some improvement in prices. As dark tobacco is in a stronger position than it has been for some years past, we hope to see the market continue to advance.

The following quotations fairly represent our market for dark tobacco, 1896 crop:

Common to medium lugs. 2.00 to 3.00
Dark rich lugs, ex quality 3.50 to 5.00
Medium to good leaf 5.00 to 9.00
Leaf of extra length 6.00 to 8.00
Wrappery stems 9.00 to 10.00

LIVE STOCK MARKET.

Reported by the Louisville Live Stock Exchange, Bourbon Stockyards:

Receipts to-day were light being only 233 head on sale, and the quality of the offerings fair, except about steady on all grades, market good butchers which were strong to a shade higher. No material change in prices and quality cleared. Calves—Receipts light, quality fair, market steady with tops selling at \$5.00 to \$7.50.

Extra shipping. 4.00 to 4.50
Light shipping. 3.00 to 3.50
Pair to good butchers. 2.00 to 2.50
Common to medium lugs. 2.00 to 2.50
Dark rich lugs, ex quality 3.50 to 5.00
Medium to good leaf 5.00 to 9.00
Leaf of extra length 6.00 to 8.00
Wrappery stems 9.00 to 10.00

Sheep and Lambs.

The receipts of sheep to-day were light, being 1,041 head on sale, quality of offerings good. The market opened active and higher, best heavy and medium, \$3.00 to \$3.50; lights \$2.50, and pigs \$3.00 to \$3.50. Everything sold.

Choice packing and butchers, 2.00 to 2.50
Fair to good packing, 1.50 to 2.00
Pair to good butchers. 2.00 to 2.50
Common to medium lugs. 2.00 to 2.50
Dark rich lugs, ex quality 3.50 to 5.00
Medium to good leaf 5.00 to 9.00
Leaf of extra length 6.00 to 8.00
Wrappery stems 9.00 to 10.00

TO PRESERVE CABBAGE.

If you would preserve the cabbage for a late winter market, dig a trench about four feet wide and deep enough to contain the cabbage, and pack it in layers, turning a half furrow over them as the ground begins to freeze, and add there to as the weather gets cold, until the cabbage is at least a foot over them. A covering of straw after the first frost is thrown over them is of some advantage.—House Journal.

RECOLLECTED BRANCH.

The growing of pigs for roasters is rather a neglected branch of the pork industry, and it often happens that the fall crop is fed up for a winter store, and is sold so as to give more profit than if it is fed on. He will bring more a pound, and the feeding stops.

TOO MUCH.

The last United States government report placed the condition of the tobacco in Kentucky at 62 percent, but low estimate as being too high.

HENDERSON AND RETURN \$1.25.

Account of the drive to be made by Mr. K. E. Spencer, of the railroad bridge into the Ohio River at Henderson, the I. C. railroad will send round trip tickets to Henderson on Sunday, November 7th at the rate of \$1.25.

Postponement of Fireworks.

Mr. John Due, manager of the magnificent fireworks of the Nashville Centennial was in the city Sunday, making his arrangements for a winter store, and is said to give more profit than if it is fed on. He will bring more a pound, and the feeding stops.

Scare on His Neck.

"My little brother had scrofula very badly, but after taking a few bottles of Hood's Sarsaparilla he was cured and no symptoms of the scrofula remain except a few scars on his neck. It has been three years since he was cured by Hood's Sarsaparilla." Miss ALICE PARK, Argentin, Ky.

Hood's Pills act easily and promptly on the liver and bowels. Cure sick headache.

Sick poison is a poison which makes you sick. It comes from the stomach. The stomach makes it out of undigested food.

The blood gets it and taints the whole body with it. That's the way of it.

"The way to get rid of it is to look after your digestion. If your food is all properly digested, there will be none left in the stomach to make sick poison out of. If your stomach is too weak to see to this properly by itself, help it along with a few doses of Shaker Digestive Cordial.

That's the cure of it.

Shaker Digestive Cordial is a delicious healthful, tonic cordial, made of pure medicinal plants, herbs and wine. It is a powerful purifier of the blood, and prevents the formation of sick-poison. At druggists. Trial bottle ten cents.

Compliments and Correct Returns From Trigs, Caldwell and Todd.

JUDGE AND ATTORNEY.

Some Interesting Election Echoes.

IN KENTUCKY.

The Result of the Election is About as Given

BY US ON YESTERDAY.

Shackelford's Plurality is Now Known to Be Near the 30,000 Mark.

THE LEGISLATURE SAFELY DEMOCRATIC.

[SPECIAL TO NEW ERA] Louisville, Ky., Nov. 4.—The reports from the Appellate Clerkship race come in to us very slowly. Up to this morning full reports have been received from only forty-two counties, though the pluralities are known in ninety of the 119 counties of the State. Of these sixty-one give pluralities for Shackelford aggregating 23,422, while twenty-three give pluralities for Bailey aggregating 9,705—a net plurality for Shackelford of 13,717. Reports of Republican losses and Democratic gains continue to come in, and as several strong Democratic counties remain to be heard from, Shackelford will gain and his plurality will be not far from 30,000, the figure estimated yesterday. Shackelford will probably have a small majority over all.

Nothing new is to be added to the legislative summary given yesterday, except that Crenshaw, the Democratic and Populist candidate in the Christian Hopkins district, seems certainly to have won over Lunsford, Republican. Only two Republicans are thus far reported to have been elected to the Senate, though they have probably elected two others, and the Senate will stand: Democrats, 25; Republicans, 12; while the Democrats will have at least two-thirds of the House of Representatives.

The returns on the constitutional amendment continue very meager, but the friends of the measure have conceded its rejection. And it is well for the individual taxpayers of the towns that it was defeated.

Our Commonwealth Attorney.

From the very moment Hon. W. R. Howell was nominated at Marion in April, it was his fate to be a candidate for the office of Commonwealth Attorney, and he would be triumphantly elected. His strong personal following, his thorough knowledge of political tactics, and his energy for the place, all combined to make him pre-eminent a strong and winning candidate.

Mr. Howell was born in Christian county, and raised in Trigs. He read law in the office of Fulton, and practiced three or four years. Unfortunately he lost his health and for years he was unable to practice his profession. He retired from the practice to his farm in Trigs, and from there he came back to this city. He has been a strong factor in politics. He was nominated against Judge J. L. Lunde, for the State Senate, and two years ago was defeated by a small majority. He is a splendid speaker, earnest and faithful in the performance of his duty, and it goes without saying that his record will be a good one. He defeated his opponent by over 5,000.

Our Circuit Judges.

Hon. T. P. Cook, who will for the next six years preside over the Judicial District, was born and raised in Calloway county. He has been a successful practitioner for twenty years. He is a plain, polite, unassuming gentleman, and will make friends as a Judge. He is splendidly equipped for the position and will make a record that the District will be proud of. His career with his opponent, Judge James Breathitt, showed not only his ability but that he is a clean man, and that he is chosen by his people not because of his political connections, but because of his ability, his honesty, and his fitness for the place. Judge we congratulate you and your party at your success.

Trigs County Vote.

All precincts heard from in Trigs county give Bailey 1,063; Shackelford 1,297; Parker 108 and Hindman 41.

For Circuit Judge Trigs gives Cook a Democratic plurality of 191 votes over Breathitt, Republican. For Commonwealth Attorney, Howell, Democrat, has a majority of 1,216 over Duiguid, Populist. For Representative, Lackey, Democrat, has a plurality over Thomas, Republican, of 318. The Democratic-Populist county ticket is elected by a plurality of 800.
